Get to Know the Munds

In the almost 39 years that Rhonda and I have been married we lived in 4 different communities. We have come to find that no matter where God plants us he always provides wonderful and unique friends to grow along with us as we deepen in our walk with Him. In anticipation of that, I thought I would share a few things about us:

As college sweethearts we married in Bismarck in 1978. We have 2 married daughters and one granddaughter who is a very active 16 month old! Before moving to Bottineau, we lived in Watertown, SD for 29 years.
